

TRUE MEASURE COLLABORATIVE

Fostering collaboration and building capacity in service of equitable educational opportunities for all students

The True Measure Collaborative (TMC) serves as a full partner to member charter schools, offering robust, centralized expertise and supports that promote inclusive education. The TMC defines inclusive education as a school-wide approach that ensures assessments, curriculum, instruction, and learning environments are designed to meet the needs of every student. Inclusive education ensures that all students belong and are educated with their peers to the greatest extent possible in a learning community where they feel safe, supported, and challenged.
